SAP Ariba

Welcome to the Ariba Commerce Cloud

Your registration process on the Ariba Commerce Cloud for luca luca srl is now complete.

Your organization's account ID: **AN01452565986-T**

Your username: **test-vincenzobarone-2106.1@live.it**

As the account administrator for this account, make sure to keep your username and password in a secure place. Do not share this information.

If you registered after receiving an invitation from an Ariba On Demand Sourcing buyer, you can now access and participate in the buyer's sourcing events. The Seller Collaboration Console provides a centralized location for you to manage all your Ariba On Demand Sourcing events and buyer relationships.

Ariba On Demand Sourcing buyers might request that you complete additional profile information as part of their Supplier Profile Questionnaire. When you access customer requested fields for a specific buyer, you will see a pop-up page with that buyer's name; that page contains the buyer's customer requested fields.

You can immediately perform administrative and configuration tasks such as creating users and completing your company profile. If account administration is not part of your job responsibility, you can transfer the administrator role at any time to another person in your organization whose responsibilities are more in line with account administration.

Good to Know:

Your Ariba Commerce Cloud account provides a central access point to the seller-facing capabilities of the following Ariba solutions:

- The second confirmation of correct sending of the registration.

Confirmation: Registration submitted for approval

ERG SpA - TEST

Hello luca rossolo,

ERG SpA - TEST has received your registration information and will review it for approval.

To check your registration status, log in to the ERG SpA - TEST supplier portal.

[Click Here](#)

Sincerely,
ERG SpA - TEST

By clicking on "Click here" you can access the suppliers area by entering the credentials entered during registration.

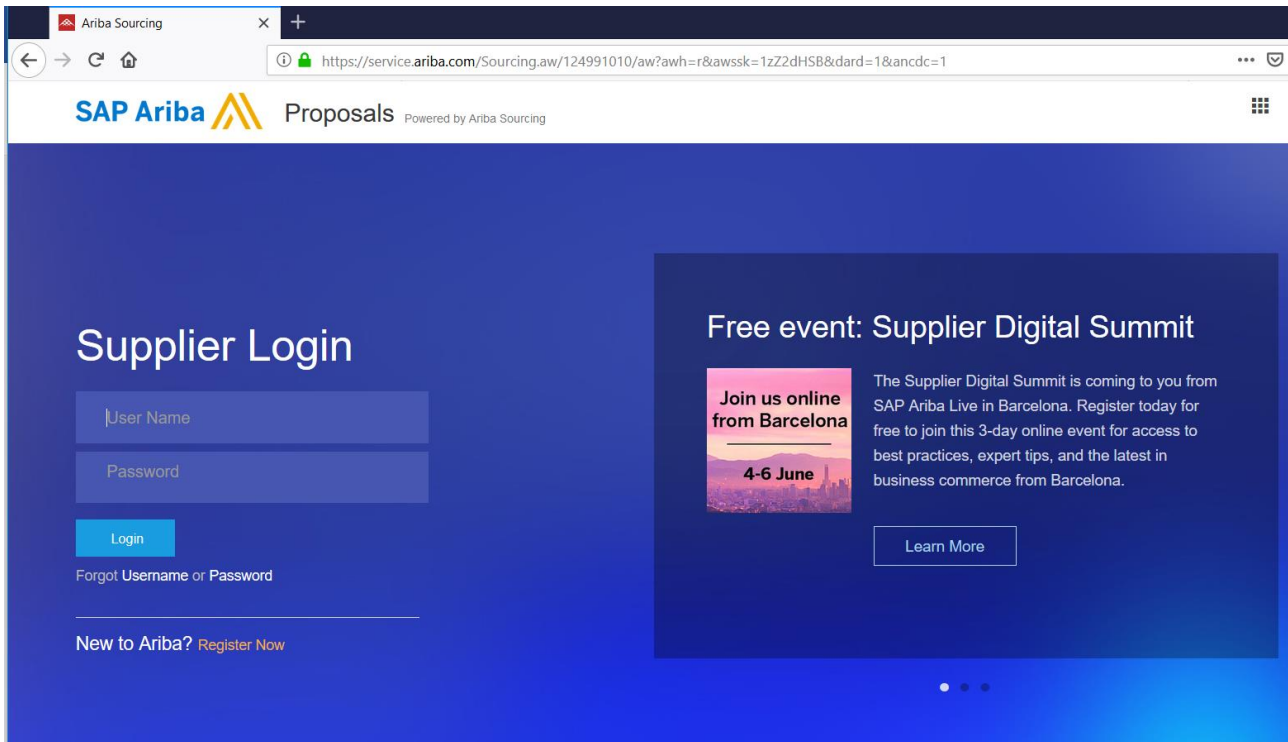

At this point the ERG user verifies the data entered during registration by the supplier and can:

- Approve the request (the system generates an email that confirms the approval of the request);
- Reject the request (the system generates an email that inform you about the closure with a negative result);
- Request additional information (in this case, you have to to the questionnaire thatn will then be sent to ERG for validation).

When the registration request is approved, ERG user can start the qualification process about the product category (s) of interest, by sending the qualification questionnaires to be filled in.

3. Supplier Qualification

Access the ariba platform using the credentials already provided.

Fill in “qualification questionnaires”, in the area “qualification questionnaires”
